

Main Plenary

Day 1 – Wednesday 3rd September 2025

10:00 – 11:15

Official Opening of Cenex Expo 2025

12:00 – 13:15

Building an Automotive Industrial Policy for the Next Decade

13:45 – 15:00

Powering Up Britain – Unlocking the Future of Battery Manufacturing and Innovation

15:30 – 17:00

Enabling the Shift to Zero Emission HGVs

Day 2 – Thursday 4th September 2025

10:00 – 11:30

Delivering the ZEV Mandate

Session Sponsored by:

12:00 – 13:15

Feeding the Beast – Net Zero Supply and Innovation Opportunities

13:45 – 15:00

Decarbonising Fleets

Hall 2 Plenary

Day 1 – Wednesday 3rd September 2025

09:30 – 12:30

ZEHID Workshop

13:00 – 14:15

The CAM Opportunity

14:45 – 16:00

Motor Industry Progress with CAM

Day 2 – Thursday 4th September 2025

10:15 – 11:30

Voice of the Customer – Realising a Commercial Market-pull for CAM

12:00 – 13:30

Innovations in EV Charging

14:15 – 15:30

Implementing the UK AV Bill through Secondary Legislation

Hall 3 – CAM Tech Talk

Day 1 – Wednesday 3rd September 2025

10:00 – 11:00

Racing Ahead with ADAS

11:30 – 12:30

Cybersecurity for CAM: Navigating New Threats and Regulations

14:00 – 15:00

How Connectivity and Infrastructure can Support CAM Scale-up

16:00 – 17:00

New Developments in CAM Functionality

Day 2 – Thursday 4th September 2025

10:00 – 11:15

Re-engineering the Motor Industry Through Software Defined Vehicles

11:45 – 12:45

Developments with Test and Validation; Enabling Smarter, Safer Autonomy from Design to Deployment

13:00 – 14:00

Progress and Priorities for Test, Validation and Assurance in CAM – an Update from CAM TestBed UK Partners

Hall 3 – Energy for Transport Tech Talk

Day 1 – Wednesday 3rd September 2025

11:30 – 12:30

EVs as Energy Flexibility Tools – Insights from Real-world V2X Demonstrations

13:30 – 14:15

Deploying Hydrogen Fleets

15:30 – 16:30

Innovation in Hydrogen Fuel Supply

Day 2 – Thursday 4th September 2025

10:00 – 11:00

Driving Public Charging Forward

12:00 – 13:00

Innovations Across the Pavement

14:00 – 15:00

Optimising Energy for Transport

Hall 3 – Electrification Tech Talk

Day 1 – Wednesday 3rd September 2025

11:30 – 13:00

Talking Power Electronics

13:30 – 14:30

Is it Getting Hot in Here? Why Thermal Energy Matters

15:30 – 16:30

Sustainable, Resilient and Traceable Products and Supply Chains

Day 2 – Thursday 4th September 2025

10:00 – 11:00

Battery School: Everything you didn't know about batteries

11:30 – 12:30

Developing Products for the Circular Economy

13:00 – 14:00

Net Zero Around the Globe

14:30 – 15:30

Women in Transport Innovation

Hall 3 – Vehicle Engineering Tech Talk

Day 1 – Wednesday 3rd September 2025

10:30 – 11:30

Batteries: Innovations in Design, Manufacture and Disassembly

12:30 – 13:35

Explorer EV Rally – Pushing the Boundaries, Spreading the Word

14:15 – 15:15

Real Results from Virtual Worlds: Innovations in Simulation and Test

16:00 – 16:45

From Automotive to Everywhere: Cross Sector Technology Transfer

Day 2 – Thursday 4th September 2025

10:15 – 11:30

Greening Blue Light Fleets

12:00 – 13:00

What's Next for Hydrogen System Engineering?

Sponsored by

MAHLE
Powertrain

14:00 – 14:45

Learning from the Experts: How to Scale your Business?
