The Proven Cross Pavement Solution

ChargeArm: XPS above the pavement

- **Good news for Local Authorities (LA's):**
 - No alterations or additions to the pavement needed
 - ChargeArm installations are owned AND maintained by residents
 - No costs, investments or liability issues for LA's
 - No direct involvement needed from LA's, other than approval and a maintenance covenant (optional)

ChargeArm reaches over fences...

Only extends when in use...

Works with all wall boxes...

And is suitable for wall mounting.
